

Batesville Provides Live-Streaming and Recording Training During COVID-19

Batesville's technology solutions keep you connected with your families in these challenging times.

Whether you're looking to **Record** or **Live-stream** your services, we're here to assist you in finding the best solution for your funeral home.

Batesville's Technology Consultant, Matt McNulty, shares the various tools available for your funeral home to offer webcasting services during social distancing.

Plus, Matt reviews tips on **Meaningful Selections** and **Bridges**, enabling your funeral home to easily engage with the families you serve.
