Domani to Provide Free Aftercare During COVID-19 Crisis

Orem, Utah - Domani announces that in an effort to help funeral homes and families during the COVID-19 crisis, they are offering 60 days of Domanicare, the award-winning text message-based aftercare program for free through the end of May.

Co-Founder and CEO Jon Lefrandt spoke about the decision saying, "During these uncertain times, Domani is committed to helping funeral homes stay connected with their aftercare families. During this time of isolation and social distancing, outreach is more meaningful than ever. With Domanicare, funeral homes add a personal touch and help those who are grieving the loss of a loved one and aren't able to be surrounded by friends and family."

Domanicare also includes free access for families to Domani for Grief. An online grief support platform with dozens of courses to help individuals navigate their grief during a time of loss.
